History: This message has been replied to.

Hi everyone,

Not to be too nit-picky, but the phone number for the hotel on the agenda should be (302) 227-2511.

Hope this helps,

Dave

Dave,

We are expecting three presentations from Arcadis:

1. Remediation and Management of Karst Sites,  
Platform Presentation, Keith White, CPG, ARCADIS -  
Syracuse, NY 2. Remediation and Management of  
Fractured Media, Poster Presentation, David S.  
Lipson, Ph.D., P.G., ARCADIS - Golden, CO 3.  
Anaerobic Biodegradation of Petroleum Hydrocarbons  
and Additives, Platform Presentation, Kelly Huston,  
P.E., ARCADIS - San Francisco, CA

They are highlighted in the attachment below:

(See attached file: LUST Workshop  
Agenda\_09\_2011\_highlighted.docx) (See  
attached file: Exhibitor List  
Description9-16-11\_highlighted.docx)

We need Keith White to send us Bio Bio, Brief  
description of presentation and presentation slides  
ASAP. The workshop starts Wednesday next week.  
Also, Kelly Huston has not registered for the  
workshop. Please contact  
Thomas Uybarreta for resitration.

Thanks. Jack

Subject: Bios and brief description for Keith  
and Kelly

Hi, Dave

EPA contacted me because they need a brief bio and  
brief description of their presentation. I am in  
training through tomorrow and was wondering if you  
would please forward this e-mail to them and ask them  
to send the information to Jack Hwang of EPA at  
Hwang.Jack@epamail.epa.gov as soon as they can. I  
have asked EPA to send me their e-mail addresses  
since they registered for the conference but I have  
to go back into class in 10 minutes.

If you are out in the field, I'll go ahead and use  
the e-mails whenever I get them and when I am not in  
class (which may end up being tomorrow).

I appreciate your time. I apologize to be using you  
as a go-between, but I just got the call from EPA.

Thank you!

Karen

Subject: RE: Region 3 tech conference

Hi Karen and Patrick,

Thank you very much for the opportunity to participate in the workshop in September. Based on my discussions with Karen, we are prepared to give three presentations as follows:

1. Remediation and Management of Karst Sites, Platform Presentation, Keith White, CPG, ARCADIS - Syracuse, NY  
2. Remediation and Management of Fractured Media, Poster Presentation, David S. Lipson, Ph.D., P.G., ARCADIS - Golden, CO  
3. Anaerobic Biodegradation of Petroleum Hydrocarbons and Additives, Platform Presentation, Kelly Huston, P.E., ARCADIS - San Francisco, CA

My contact information is listed below.

One question regarding the anaerobic biodegradation presentation: Should the focus of the presentation be on engineered remediation systems that rely on anaerobic biodegradation (i.e., the application of non-oxygen electron acceptors such as sulfate), or would the audience prefer to hear about MNA pathways? Please advise.

Thank you again for the opportunity, and I look forward to hearing from you and meeting you at the workshop.

Kind regards,

Dave Lipson

Karen,

I am a hydrologist with the Tank Management Section here in Delaware. I have learned that I am putting together/moderating the session on anaerobic degradation and was told that you may know of someone with Arcadics that may be a good fit for the session. If you do know of someone, can you please forward me some contact information?

Thank you for all of your help.
